Client's feedback to you

★★★★★ 5.0

Fawad has done an outstanding job guiding me through every step—from better understanding how Upwork and LinkedIn work, to developing optimized profiles, to learning how to bid strategically on projects using various tools. We're in the early stages of submitting proposals, but thanks to his expertise, data-driven approach, and hands-on guidance, we're gaining traction and seeing encouraging results. He works with integrity, communicates clearly, and is a genuine pleasure to collaborate with. I consider him not only a skilled freelancer but also a trusted partner in growing my presence on Upwork.
